Governance Decree No. - Ranyo 2022/ Procur.85/Establishment - A, dated 31/03/2022

Form - b

Dondai - Upper Ward Municipal Council, Amaravati and Bhogavati in Dongai under the State River Conservation Scheme

Terms and conditions for river conservation works.

Presented by Chief Minister, Dondaicha - Varwada Municipal Council, Dundaicha under the State River Conservation Scheme

Proposed amount of Rs. 11,00,60,529.90 for Amravati and Bhogavati River Conservation

Subject to technical approval of Maharashtra Life Authority dated 11/09/2019

Administrative Approval was granted by Government Decree.

Submitted to Maharashtra Life Authority by Dondaicha - Varvadai Municipal Council, Dundaicha

Maharashtra is proposing Rs. 10,95,40,229 for Amravati and Bhojavati River Conservation

Forms Form No. 48 matter No. 9 of March 2020, dated by Life Authority

Rs 10,95,40,229/- (12% GST and 1% Contingencies included)

Approved by Maharashtra Life Authority Rs.

Revised Administrative Approval is being given for 10,95,40,229/- project cost.

State governments account for 80 per cent of the total amount of amended administrative recognition and 20 per cent.

Dondai - Upward Municipal Council, Dundai will remain.

The City Council will be obliged to implement the resolution submitted to the Government.

The Headmaster, the Upper Municipal Council, the Dondai shall deposit their authorized share in a separate account in the prescribed amount of funds distributed by the Government. The next installment shall not be exempt unless the share is spent on the project and the quality of the work under the project is audited.

Approved technical outlines, budgets, maps, resolutions, etc. of the work to be undertaken at each stage of the scheme shall be submitted to the Government prior to commencement of work.

Recording shall be carried out. The progress of the work shall be photographed every two months as follows. The State shall appoint experts and working experience in the field of river conservation as well as experts and adequate technical manpower in connection with expenditure approved in accordance with Form A as Project Management Advisory Institutions of the Institutions/Government Authorities/Boards.

6. These works shall be completed within 36 months or earlier from the date of the Government Ordinance/Ordinance. The cost of completing the works after this period shall be borne by the relevant local self-government body.

7. The entire responsibility for completing the works within the prescribed period and maintaining the quality of the work shall be vested in the Headmaster, the Upper Town Council, the Lower Town Council.

8. In view of the proper implementation of the project, a Project Implementation Committee shall be constituted under the chairmanship of the Chief Executive Officer, Dondai - Upward Municipal Council, Dundai. The Committee shall include representatives as deemed necessary by the City Council, including relevant officials, staff, environmental experts, representatives of the above-mentioned Project Management Advisory Institution, who shall supervise all work under the project and control the quality of work.

9. To carry out the principal works if any works are proposed between the blue and red river flood lines.

It is mandatory to obtain the prior permission of the competent authority.

10. The Committee will hold meetings even after completion of the project as river conservation is required without the assistance of the Project Management Advisory Institution. The Committee will continue to review the maintenance of physical aspects, income from projects, measures and expenditure for project conservation.

11. After completion of the work, the City Council shall maintain and repair the river at its own expense for at least the next 10 years.

The City Council shall also report to the Project Implementation Committee every 6 months.

It will arrange to send it to the government.

12. The water quality of the river should be checked on a monthly basis from the current month onwards. An Expert Laboratory/Institute/Board should be appointed in the field to check the water quality.

13. The Chief Magistrate, the Dondai - Upper Town Council,

They will submit the following reports to the Government every three months.

A. Physical progress report of approved works

B. Copies of water quality report

A. Project Control Committee meeting history. D. GARD Certificate of usefulness for each quarter.

14. Funding for the next phase of work will be made available without presenting a rate report.

No. Environment by 10th April after the end of the utility certificate year.

9 out of 12

Subsidies for the above-mentioned Scheme will be allocated according to availability of funds.

15. The amount paid or agreed under the scheme for a specific work shall be spent in accordance with the terms and conditions and within the limits of the expenses agreed upon by the State Government for the same work within the prescribed period. The funds shall not be used or exchanged for any other work or for the work of the Municipal Council.

16. The funds received under this Scheme shall be deposited in a separate account opened in a nationalized bank and the interest on the funds held in the bank shall be collected in the same fund. To control the use of these funds, the account shall be transferred to the Managing Director, the Upper Municipal Council, the Dondai.

Revenue from property or facilities generated under the scheme upon completion of the scheme shall be deposited in a separate bank account opened for the scheme, from which additional work for river conservation may be carried out with the permission of the Environment Department of the State Government.

18. Savings in approved expenditure shall be for the second instalment of the FDI scheme.

It can be used with the permission of the Department of Environment and Environmental Change of the State Government.

19. Expenditure Scheme for maintenance and repair of machinery built under State River Conservation Scheme

Once implemented, it will be subdivided from the Municipal Council's own funds.

20. The accounts of expenditure under the Scheme shall be maintained in accordance with the current accounting code and shall be audited by the local funds and accountants and its report shall be forwarded to the Department of Environment and Environmental Change.

21. The progress report of the river works and the statement of expenditure shall be inspected by the competent officials of the Department of Environment and Climate Change and the Municipal Council shall be obliged to provide all necessary documents at the time of the inspection.

If the amount paid by the Government for the work cannot be spent in the specified time spent on the work, it will be required to obtain prior approval from the Environment Department of the State Government.

23. The amount paid for the work on the scheme is not used properly or the work is not done properly.

If there is no progress in government, the government will not do such things at any time.

Can cancel the administrative approval.

24. In addition to State Government grants for the work on the scheme, Government, Financial Institutions or

The funds received from any other institution should not be shown to have been spent under this scheme.

Overlapping of schemes)

25. Visiting State Government officials are required to coordinate and supervise the scheme.

It will be necessary to provide all these administrative facilities.

26. Assets generated by government grants under the Scheme for the purpose for which they are created,

It is necessary to use it for the same purpose and to do this it is necessary that the property is recorded.

27. State-level sanctions control and coordination of various activities under the scheme.

Committees shall follow strictly the timely instructions given by them on the work.

It will have to be done.

28.

Expenditure related to the establishment and manpower of the Municipal Council under the scheme

Local Self-Government Institutions will be set up without any subsidy from the Department.

29. Evidence, including records and photographs of the work being done under the Scheme shall be kept by the Municipal Council.

It should also be recorded in the records regarding the title.

30. The projects approved for river conservation include river sewage disposal and silt traps.

If so, along with the work of removing river dirt and setting up silt traps before the rainy season.

It must be completed, otherwise the river may accumulate dirt again.

31. Photographs before commencement of river work shall be submitted to the Department.

32. Municipal councils are obliged to observe the terms and conditions laid down by the State Government from time to time.

It will.

33. Record the number of people employed under the scheme.

34. Any Escalation Charges for the Scheme as Schedule completion is mandatory.

There are no permits.

35. Tendering for works approved under the Scheme shall follow the prescribed procedures issued by the Government from time to time.

In the case of bids with a higher price than the projected price, the tendering process can be carried out in a timely manner.

They shouldn't come.

36. Provision shall be made for the imposition of fines on contractors who fail to complete the work within the prescribed time.

All expenditure under the Scheme shall be coordinated from time to time by the Office of the Audit and Audit Officers, Mumbai and

As well as liability related to the Office of the Auditor General, Mumbai/Nagpur.

It will be a local self-government organization.

Page 12 of 11

38. When the scheme is completed, any new work to be undertaken on the use and use of rivers in the future or related to rivers should first be approved by the Department of Environment and Environmental Change of the State Government.

39. In the event of any future judicial or other issues regarding the river area, ownership, quality of work being carried out, Surface floating wetland beds or other related matters, the relevant officials as well as the Chief Magistrate, the Upper Municipal Council, the Dondai shall be fully responsible.

In addition to the vo. wad conditions, the National River Conservation Corridor will be obliged to comply with the terms and conditions contained in the guidelines issued under the proposal under the river conservation scheme.

41. Settled Committee at Secretary level under the State River Conservation Scheme dated 09/08/2019

It will be mandatory to comply with the terms and conditions in the history of the meeting.
